

Awareness of Environment Level 2 - Lesson Plan

Key Points to Cover:

1 – Fish

2 – Birds

3 – Insects

4 – Mammals

5 – Reptiles and amphibians

Supplies Suggested:

There are many books on these subjects that can be brought in.

Activities to Reinforce Lesson:

Take a hike in and around where you meet to identify the different animals and insects in that environment.

The zoo is a perfect place to experience most every one of these animal types.

Take a hike at a state park and identify the same as above.

Devotion:
