

CAMP SITES – Level 2

“The angel of the Lord encamp s around those who fear Him and He delivers them.” Psalm 34:7

David spent many nights out under the beautiful stars while he watched over his father's flocks. The countryside was filled with wild animals but he was not afraid. He knew that the Lord was there, protecting and guarding him. The Lord still "encamps around those who fear Him." The Lord is there whether at home or camping in the deepest woods. At night, in your tent, thank Him for His protection. In the Bible, you will find the word "camp" mentioned many times. The book of Exodus talks about the camps of the Egyptians and the Israelites.

PERSONAL EQUIPMENT

In the first level we talked about the personal equipment you should bring along on a camping trip. You will need to develop a personal check list to ensure that you are bringing the right things on the trip and so that you do not leave anything behind

TRAIN EQUIPMENT

In the first level we talked about the Train equipment you should bring along on a camping trip. You will need to develop a check list for the train to ensure that you are bringing the right things on the trip and so that you do not leave anything behind

PLANNING

Using the two checklists developed plan a camping trip for your train. Plan what personal equipment each person should bring and what Train equipment should be brought along. Plan where everything is to be set up. Define the food prep/storage area, the tent area, cooking area, the eating area and the camp fire area. You will also need to plan what activities will be done over the weekend.

Camp Site Level 2 Requirements

- 1 – Personal Equipment Check List
- 2 – Train Equipment Check List
- 3 – Plan of Activities.
