

Fire Safety Level 1 - Lesson Plan

Key Points to Cover:

- 1 – Home escape plan
- 2 – Home escape plan meeting place
- 3 – How to check to see if a door is hot or not
- 4 – When and where do you call 911 from
- 5 – The proper way to exit a window
- 6 – Smoke detectors: How often to test them, when to replace the batteries.
- 7 – Fire extinguishers: Types and when to use them
- 8 – Flammable liquids

Supplies Suggested:

Bring in examples of your escape plan. Bring in fire extinguishers to show the boys.

Activities to Reinforce Lesson:

The local fire departments may have programs for kids to introduce them to the fire department equipment and staff. They may also have a smoke house to teach the boys how to get out of a smoke filled house. In some cases they have fire extinguisher training they also do. .

Devotion:
